

Asia-Pacific International Symposium on Electromagnetic Compatibility (APEMC)

May 19-23, 2025

Proposal for Special session/Tutorial and Workshops

APEMC offers special sessions/tutorials and workshops during the conference. This section covers the submission of special sessions/tutorials and workshops where in a special session/tutorial and workshops chair proposes a topic and a group of invited speakers relating to the topic. The special session/tutorial chairs must submit a proposal for the special topic and the names of the speakers and their corresponding topics. Each speaker must submit their final presentation charts.

Attendees are expected from all over the world. We invite proposals for tutorials in all areas of EMC topics, including to

- EMC Standard and Management
- EMC Measurement and Instrumentation
- Electromagnetic Environment
- Transient EMC
- Power System EMC and Smart Grid
- System Level EMC and Protection
- Transportation EMC
- Antenna and Wave propagation
- Electronic Packaging EMC
- Integrated Circuit EMC
- Signal Integrity and Power Integrity
- EMC in Wireless Communication, Artificial Intelligence of Things(AIoT), and 5G/6G Smart Poles
- Computational Electromagnetics
- Biomedical Electromagnetics
- EMC in Nanotechnology and Advanced Materials
- Wireless Power Transfer
- Aerospace EMC

At the symposium the special sessions/tutorials and workshops will be presented in an oral presentation (Using MS Power Point or Adobe PDF) during the associated special sessions/tutorials and workshops.

Asia-Pacific International Symposium on Electromagnetic Compatibility (APEMC)

May 19-23, 2025

Special sessions/Tutorials and Workshops Submission Process

A prospective organizer should post a proposal for a Special Session topic indicating (1) session title, (2) session description, (3) expected number of speakers and corresponding topics (list of possible speakers), (4) session organizer(s) information (name, affiliation, and contact information), and (5) any other information and special requests. The session description should address its category, objectives, contents, originality, and timeliness of the proposal, as well as the impact on the EMC community and beyond. To Submit your proposal(s) to the Technical Program Committee, please fill out [the proposal form](#) and send it to the email address shlin0819@ntu.edu.tw by **September 15, 2024, 11:59 p.m. NST(UTC+08:00)**. Please understand that not all proposals will be accepted due to the limitations of session slots.

The speakers of the accepted Special Sessions should submit their papers by **November 30, 2024, 11:59 p.m. NST(UTC+08:00)**. All the contributed papers will be fully reviewed by specialists in the EMC field, and the authors will be notified of the review results by **January 31, 2025**. The authors of accepted papers also need to register for APEMC 2025 and submit the final camera-ready versions of their papers.

Also note that authors/speakers must be registered for the symposium by the final submission deadline or their presentation will be removed from the program. If too many speakers from a single special session or tutorial are not registered by this deadline, the entire workshop or tutorial session will be cancelled.

Schedule

Special Session Proposal Submission Deadline: **Sep. 15, 2024**

Notification of Acceptance of Special Sessions: **Sept. 30, 2024**
